Careful Collisions

// A QUEER-FEMINIST CI
WORKSHOP /// JAM

/ full day of
research // co-creation
/// jam

Coming together with our different
bodies / identities / entanglements /
needs, we will inevitably collide.

How can we practice this failing, falling,
and rebounding – find playfulness and
pleasure in it? How do we cultivate skills
to show up for ourselves and others //
with care?

We will explore this together in a queer-
feminist CI-research workshop:
Experimenting with physical / emotional /
social forces exploring strategies, by
engaging in the practices of contact
improvisation / somatics / collectivity.

What can happen, is possible.

workshop (6h) + jam (3h): 80-140-200 €
jam only: 10-15-20 €
